

Syscon Energy Conservation Solutions Pvt. Ltd.

Corporate Brochure

Established in 1993, by technocrat Syscon Enterprises Specializes in Power Quality Solutions.

Our Services

- Power Quality Audit
- Power Solution & Services
- Power Monitoring Solution
- Thermography Service
- Solar Renewable Energy

Our Products

- UPS Batteries
- Precision Cooling
- TVSS, Static Switch, Charger
- Rack Server & Network
- Power Solution & Services
- Power Monitoring Solution
- Power Quality Solution
- Inverters of ENP
- Solar Power System & Inverters

Why SYSCON ?

Expertise

Our team of engineers offer multi-disciplinary capabilities to manage the design, construction, operation, and application of energy facilities and systems. At Syscon, we are convinced that there is no single solution to today's complex energy and electrical power quality problems. Our "Pure Power Forever" strategy consists of range of approaches with the best technical & analytical expertise to help you get clean power.

This integrated approach frees your organization to focus on your core business activity & helps you stay competitive.

Service

Our Team of service Engineers support customer 24X7

Power Quality Monitoring - Power Management - Power Quality Solutions

Syscon Energy Conservation Solutions Pvt. Ltd.

Our Policy

We, at Syscon Energy Conservation Solutions Pvt. Ltd. , strongly believe in providing state of the art integrated solutions to Power Quality problems. We aim to achieve the same by working in close interaction with our customer and are keen to understand expectations, requirements and apprehensions involved.

We prefer to view the problems from customer's perspective and suggest solutions accordingly.

We prefer to view problems as opportunities in work cloths, we view change as growth, we adopt to new technologies, concepts, ideas and fields; rendering our services superior quality, reliability and offering the customer long term benefits.

Our Vision

Our vision for the future is supported by an integrated set of core values and business principles. The values and principles inform every aspect of our organization and define the way we work.

Our Mission

Our mission at Syscon is to establish and maintain leadership in the electrical power quality and energy management services businesses. Our strong commitment is not just limited to providing solutions, In fact it's lifelong partnership with customers, with the focus on performance & excellence to meet changing demands.

Transient Voltage Surge Suppressors:

Transient Voltage Surge Suppressor

Transient Voltage Surge Suppressor

Transient Voltage Surge Suppressor

Power UPS:

UPS 7400 M

Parallel Modular UPS (6KVA)

Adapt BX 6 KVA UPS System

Power UPS

Power factor Correction Capacitors:

Standalone or Modular Capacitors

Power Factor Controller

Heavy Duty Power Factor Capacitor

Medium Voltage Capacitor

Syscon Energy Conservation Solutions Pvt. Ltd.

Capacitors For Power Electronics:

Heavy Duty AC / DC Capacitor

AC / DC Film Capacitor

High Density DC Film Capacitor

AC & DC Capacitors with Large Capacitance

Syscon Energy Conservation Solutions Pvt. Ltd.

Other Products:

Solar Power Conditioning Unit

Solar Home Power Pack (TATA BP)

Active Harmonic Filter

Impulse Inverter 30KVA

Syscon Energy Conservation Solutions Pvt. Ltd.

Other Products:

Detuned APFC Panel

Real Time Power Factor Corrector (RTPFC)

Power Quality Analyser

Power Quality Analyzer

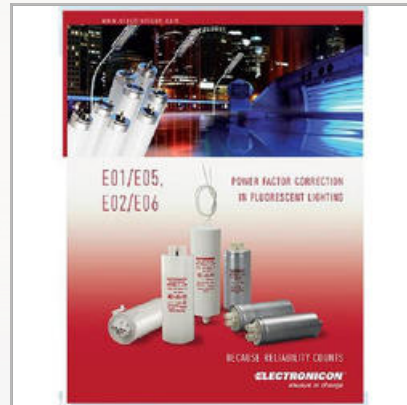

Syscon Energy Conservation Solutions Pvt. Ltd.

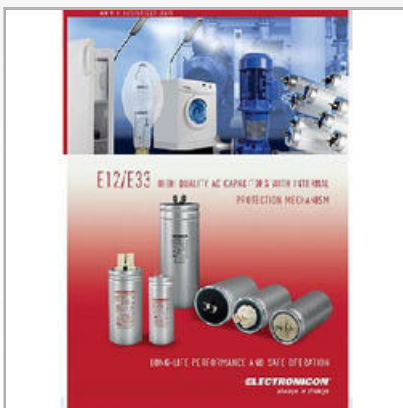

Other Products:

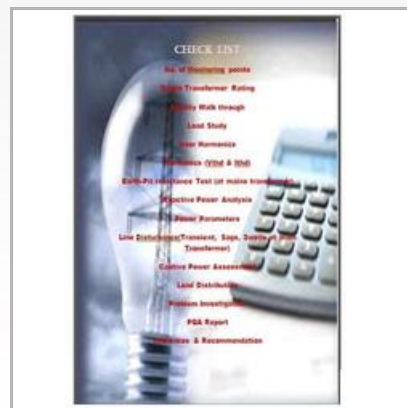

RDU - Rack Data Unit

Power Factor Correction Capacitors

High Quality AC Capacitors

Power Quality Audit

Other Products:

Rackmount UPS

Hipulse UPS

ITON 1000 UPS

Double Conversion Online UPS System
